

### NCTC DEMO DAY & TECH EXPO

**Friday, September 18, 2009 (2:00 p.m. – 5:00 p.m.)**

**Roanoke Civic Center – Special Events Center**

In collaboration with The City of Roanoke, Virginia Tech, and Carilion Clinic, the NewVa Corridor Technology Council is pleased to present the second annual Demo Day & Tech Expo.

#### What is the NCTC Demo Day & Tech Expo?

It's an afternoon of networking with local leaders in technology and business. Unlike other tradeshows, the main purpose of this event is not about finding customers, but about getting to know the technology firms and innovators in our region. From this networking and information exchange, partners hope to foster productive relationships, collaborations, and ultimately a stronger regional technology community. Virginia Tech faculty and students will be on hand to showcase new technologies and significant research contributions. Virginia Tech exhibits include the Ware Lab, Robotics & Mechanics Lab, Virginia Tech Transportation Institute, and Department of Forestry.
